2nd Annual Awards Banquet
Benefitting **Oakland Digital (ODALC)**
December 1st, 2011 | 6pm-9pm
Preservation Park (Nile Hall) | Oakland, CA

Dear Members, Friends and Colleagues,

Oakland Digital (ODALC) is a grassroots not-for-profit organization that provides digital skills training and Internet education to economically-disadvantaged Oaklanders. We are raising funds to support our programs for 2012, “Inspire Oakland” and “Digital Equity for Small Businesses”, which enables low-income communities to enter and effectively participate in the digital economy.

We cordially invite you to attend Inspiration Awards 2011. This year’s ceremony will take place at Oakland’s historic Preservation Park, Thursday, December 1st from 6pm to 9pm. The event will host 120 prominent individuals from the Bay Area’s technology, business and non-profit community. Honorees include **MC Hammer** (Co-Founder at DanceJam.com), **Alex Bernstein** (Co-Founder at North Social), and **Goapele** (singer/songwriter).

Inspiration Awards 2011 is the premier event that provides a unique opportunity to celebrate Oakland, honor our leaders who give back, and renew relationships with community partners and influencers.

Oakland Digital needs your support to continue our work in Oakland – your generous donation will help us teach digital skills and Internet literacy to a population eager to access knowledge and innovation.

Donations to Oakland Digital are tax deductible, as we are an established 501(c)(3) non-profit organization. Let us continue to Inspire Oakland together. **Make a difference and give today!**

Kind regards,

A handwritten signature in blue ink, appearing to read "Shaun Tai".
